Your regular bi-weekly dose of World 9-3, complete with ST, MM, and MD20XX, now comes with two new flavors, Creepindeth and Frodus Maximus! Sony lights up this episode with Dead Space, Little Big Planet, and SOCOM: Confrontation, but the Wii answers back with some stellar titles of its own. Mastermario hosts his own segment, Stealth accuses Frodus of being friendless, Frodus puts carts before horses, Mega heads up the new cult classic "Salem Witch Project," and Creepindeth puts it all in perspective, World9-3 style!
